In the Matter of the Application of PacifiCorp
(U 901 E) for Approval of its 2022 Energy Cost
Adjustment Clause and Greenhouse Gas-Related
Forecast and Reconciliation of Costs and Revenue

Application No. 21-08-004
(Filed August 2, 2021)

**PACIFICORP (U 901 E) BRIEF SUMMARY OF DATES THAT EXISTING COAL
SUPPLY AGREEMENTS ARE SCHEDULED FOR RENEWAL**

On August 2, 2021, PacifiCorp d/b/a Pacific Power (PacifiCorp or Company) filed its application for approval of its 2022 Energy Cost Adjustment Clause and greenhouse gas-related forecast and reconciliation of costs and revenue. In an E-Mail Ruling Setting Telephonic Prehearing Conference and Requiring Information Prior to Conference for Proceeding A.21-08-004 dated October 18, 2021 (October 18 Email Ruling), to assist in determining the scope of the proceeding, the Administrative Law Judge directed PacifiCorp to serve a brief summary by November 10, 2021 of the dates its existing coal supply contracts are scheduled for renewal. PacifiCorp submits this summary in accordance with the October 18 Email Ruling.

PacifiCorp owns or co-owns nine coal plants for which it contracts with suppliers to purchase coal. For six of the nine plants, PacifiCorp expects to enter new coal supply agreements as follows:

<u>Coal Plant</u>	<u>Effective Date</u>
Naughton	January 1, 2022
Jim Bridger	May 1, 2022
Wyodak	January 1, 2023
Hunter	January 1, 2024
Craig	January 1, 2026
Huntington	January 1, 2030

Due to the Dave Johnston coal plant's access to the liquid Powder River Basin coal market, Dave Johnston maintains a portfolio of coal contracts. PacifiCorp routinely issues

requests for proposals (RFPs) to competitively purchase Dave Johnston's fuel (coal) supply as needed. These RFPs may occur annually. PacifiCorp currently forecasts that the next RFP for Dave Johnston fuel supply may be issued as early March 2022 for purchase of coal to be potentially delivered in late 2022, 2023 and beyond as needed.

The remaining two coal plants are Colstrip and Hayden. With respect to these two coal plants, the existing coal supply agreements are set to expire when the Company expects to close the plants. Therefore, currently, there are no renewal dates associated with the existing coal supply agreements for Colstrip and Hayden.

Respectfully submitted this November 10, 2021, at San Francisco, California.

By: Carla Scarsella
